

July 2008: Thelma Chambers and the Hugh Lane, Dublin

- I worked on an outreach project by the Hugh Lane gallery titled "Neon Jive". I worked as an animator, bringing to life the characters on display in the Julian Opie exhibition on O'Connell Street during 2008.

July 2006 - September 2006: Advanced Learning, Galway

- I produced a number of Adobe Flash animations for the use in teaching European Computer Drivers Licence (ECDL) tutorials.

September 2006: Western Vascular Institute, University College Hospital Galway

- I was approached by the Western Vascular Institute to design and create an animated company logo. I used Adobe Flash.

July 2005: Dr. Eamonn Cannon, Senior Lecturer in Civil Engineering, National University of Ireland, Galway

- I created a number of 3D Studio Max animations indicating the construction processes of a number of multi-story buildings for use in civil engineering lectures.

July 2004: Dr. Eamonn Cannon, Senior Lecturer in Civil Engineering National University of Ireland, Galway

- I created a number of animations in Adobe Flash indicating the engineering principles of bridge construction for use in civil engineering lectures.

SKILL SET

- **Software Skill Set:**
 - Adobe Flash, Autodesk 3D Studio Max, Autodesk Maya, Toon Boom Studio, Anime Studio Pro, Adobe After Effects, Adobe Photoshop, Adobe Illustrator, Adobe Premier, Sony Sound Forge Pro
